

RAILWAY ENGINEERING OVERHEAD LINE CONSTRUCTION (OLC) QUALIFICATIONS AND APPRENTICESHIPS FROM EAL

EAL is the only awarding organisation to offer these unique nationally recognised OLC qualifications and apprenticeship packages that match the overhead line construction sector's skills needs.

LEVEL 2 CERTIFICATE IN RAILWAY ENGINEERING OVERHEAD LINE CONSTRUCTION (QCF)

This qualification has been developed to meet the needs of adults who may be new to the OLC sector as well as existing workers who wish to achieve an accredited qualification to recognise their skills. The qualification is unique to EAL, and available for funding.

LEVEL 2 NVQ DIPLOMA IN RAIL ENGINEERING OVERHEAD LINE CONSTRUCTION (QCF)

Part of our exclusive Level 2 apprenticeship package, together with our EAL Technical Certificate, this qualification offers the best route into OLC careers for apprentices.

LEVEL 3 NVQ DIPLOMA IN RAIL ENGINEERING OVERHEAD LINE CONSTRUCTION (QCF)

This NVQ qualification forms the backbone of our Level 3 apprenticeship package together with our Level 3 Technical Certificate. Perfect for those who want to take a step up into supervising OLC work.

All our qualifications come with a range of high-quality support materials, exemplars and delivery advice. We also employ full-time External Verifiers who hold Personal Track Safety (PTS) certifications, to work trackside in supporting you and your learners.

"These are the first OLC qualifications that will go a long way to help class rail as a skilled industry."
