

Qualification factsheet

A photograph of an electrician wearing a yellow hard hat and a dark blue work jacket, focused on working with a complex electrical control panel. The panel is filled with various components, including switches, relays, and a dense network of colored wires. The electrician is using a pair of pliers to work on a wire. The background is a plain, light-colored wall.

Title: EAL Level 3 Award in Requirements for Electrical Installation BS7671: June 2008 (2011) (QCF)

At a glance ...

Qualification code:	600/3719/2
Level:	3
Credit value:	4
Guided learning hours:	35
Minimum learner age:	16
Registration end date:	N/A
Certification end date:	N/A

What are the learner pre-requisites?

There are no formal entry requirements for this qualification although Centres should ensure that learners have the potential to achieve the qualification unit.

What is this qualification?

This award gives the learner an understanding of the application of the IET Wiring Regulations Seventeenth Edition. It provides a facility for individuals working in the electrotechnical sector to develop and/or enhance their knowledge of the Requirements for Electrical Installation.

Who is this qualification for?

This qualification is for:

- personnel involved in the electrotechnical sector such as electricians, designers, inspectors who wish to update their knowledge to the IET Wiring Regulations Seventeenth Edition incorporating amendment one (2011).
- learners who wish to gain an understanding of BS7671.

What does it cover?

The qualification covers the full content of BS7671: IET Wiring Regulations Seventeenth Edition incorporating amendment one (2011). The regulations apply to the design, erection and verification of electrical installations, and also additions and alterations to existing installations.

Where does this qualification lead?

- EAL Level 3 NVQ Diploma in Building Energy Management Systems (QCF)
- EAL Level 3 Award in the In-Service Inspections and Testing of Electrical Equipment (PAT) (QCF)
- EAL Level 3 NVQ Diploma in Electrotechnical Services (Maintaining Electrotechnical Systems) (QCF)
- EAL Level 3 NVQ Diploma in Installing Electrotechnical Systems and Equipment (Building, Structures and Environment) (QCF)
- EAL Level 3 Award in the Initial verification and Certification of Electrical Installation (QCF)
- EAL Level 3 Award in the Periodic Inspection, Testing and Certification of Electrical Installations (QCF)
- EAL Level 3 Certificate in Installing, Testing and Ensuring Compliance of Electrical Installations in Dwellings (QCF)
- EAL Level 3 Award In Approving Electrical Installation Work in Dwellings in Compliance with Building Regulations (QCF).

How is the qualification delivered?

The qualification can be delivered completely at the Centre.

How is the qualification assessed?

By an on-screen examination.

- EAL Level 3 Award In Approving Electrical Installation Work in Dwellings in Compliance with Building Regulations (QCF).

Why choose EAL?

EAL is the specialist, employer recognised awarding organisation for the engineering, manufacturing, building services and related sectors.

For all our customers this means having access to:

- industry-led qualifications that match workplace skills needs the widest portfolio of industry-relevant qualifications
- support from a dedicated, expert External Verifier
- complete pathways for all learners seeking a career in industry free, high quality support materials
- a flexible and responsive customer services team
- qualifications that are recognised by professional and trade bodies
- extensive news, events and networking facilities.
