

TO WHOM IT MAY CONCERN

9 September 2014

Letter of Recognition:

- **EAL L2 Intermediate Diploma in Electrical Installation 601/4561/4**

Certsure LLP trading as NICEIC and ELECSA was formed following the formation of a partnership between the Electrical Safety Council and the Electrical Contractors' Association (ECA) in 2013.

The partnership builds upon the 100 plus years of experience of the ECS as a trade association for the electrical installation industry in England and Wales with the technical knowledge of the NICEIC which is the UK's leading voluntary regulatory body for the electrical contracting industry. It has been assessing the electrical competence of electricians for over fifty seven years.

Certsure LLP currently maintains a roll of over 36,000 registered contractors across the spectrum of Competent Persons Scheme, Green Deal, Micro Generation Certification scheme, electrical contractors as well as personnel certification for the gas and plumbing industries.

We provide industry-leading certification services, training, building regulations schemes and products and support to the construction industry and beyond.

Quality is the foundation in everything we do. Our services and products are government-recognised and United Kingdom Accreditation Service (UKAS) approved.

As a professional body in the construction sector, we recognize that the

- **EAL L2 Intermediate Diploma in Electrical Installation**

develops and confirms specialist knowledge and skills that are relevant to an occupation in the building services sector, to a standard that can be reasonably expected of an 18 year old in full time education. Provides students with suitable progression into a related apprenticeship and/or industry recognized qualification and subsequent entry into an occupation in the building services sector.

We are content for the company's name and web address to be shown on the EAL and DfE websites to confirm that we recognize this qualification.

Yours faithfully

Alan Wells.
