

EAL Purpose Statement:

<p>Qualification Title:</p>	<p>501/0544/9 EAL Level 3 NVQ Diploma in Engineering Maintenance (QCF)</p>
<p>Qualification Overview:</p>	<p>This qualification is a National Vocational Qualification (NVQ). It involves the skills and knowledge needed for occupations in engineering maintenance, the ability to organise work and identify and prevent problems. NVQ's are based on national occupational standards, which the learner must meet to be competent in a particular task. The achievement of NVQ's will encourage an employee to value their contribution to the workplace, and it will develop their skills and potential within the engineering maintenance field.</p> <ul style="list-style-type: none"> • Individuals who need recognition of their competence in one or more of a wide variety of Engineering Maintenance activities and also need a nationally recognised qualification at level three • Learners who are undertaking a SEMTA apprenticeship and wish to progress onto an advanced apprenticeship, • Those who are working in an Engineering Maintenance environment and would like to work towards a relevant Level 3 qualification, • Those who are new to Engineering Maintenance but are looking for a career change and wish to develop new skills within the industry. <p>What does this qualification cover?</p> <p>The skills and knowledge in one or more of a wide variety of Engineering Maintenance activities including:</p> <ul style="list-style-type: none"> • electrical, electronic, fluid power, engineered systems, services maintenance, lift servicing and repair, escalator repair and service, communication electronics, servicing medical equipment, and instrumentation and control. • It is accredited by Ofqual at QCF level three. <p>Who could take this qualification? OR who is this qualification designed for?</p> <ul style="list-style-type: none"> • Learners working towards an Engineering Manufacture Apprenticeship at level 3 in England or Wales. <p>It is suitable for learners aged:</p> <ul style="list-style-type: none"> • 16-18 • 19+
<p>What could this qualification lead to?</p>	<p>Typical job roles include:</p> <p>Mechanical maintenance, Electrical maintenance, Electronic maintenance, Fluid Power maintenance, Engineered Systems maintenance, Services Maintenance, Lift Servicing, Lift Repair, Escalator Repair and Service, Communication Electronics, Servicing Medical Equipment, Instrumentation and Control.</p> <p>On completion of this qualification it can form part of an apprenticeship framework at level 3, and provides a base for other level 3 qualifications, and progression to a range of level 4 qualifications and also employment.</p>

	<p>This qualification relates to the following EAL qualifications:</p> <ul style="list-style-type: none">• EAL Qualifications in Key Skills, Functional Skills and Essential Skills Wales• EAL Level 2 NVQ Diploma in Engineering Maintenance and Installation• EAL Level 3 NVQ Diploma in Marine Engineering• EAL Level 3 NVQ Diploma in Engineering Installation and Commissioning• EAL Level 3 NVQ Diploma in Mechanical Manufacturing Engineering <p>Apprenticeships: This qualification forms part of the Semta Engineering Manufacture Apprenticeship frameworks.</p>
Who supports this qualification?	The qualification is supported by the Engineering Council, and recognised by the Institute of Mechanical Engineers (IMechE) for EngTech status.
