

EAL Purpose Statement:

<p>Qualification Title:</p>	<p>600/1454/4 EAL Level 3 NVQ Diploma in Domestic Heating (Gas Fired Water & Central Heating Appliances) (QCF)</p>
<p>Qualification Overview:</p>	<p>The qualification has been designed in conjunction with employer and industry requirements and should help a learner progress within the Building Services Engineering sector and is a recognised qualification in Advanced Apprenticeships.</p> <p>What does this qualification cover? This qualification covers a wide range of subjects required by someone working in the domestic heating industry including:</p> <ul style="list-style-type: none"> • organisation of resources • domestic hot water system installation, commissioning, servicing and maintenance • domestic cold water system installation, commissioning, servicing and maintenance • domestic central heating system installation, commissioning, servicing and maintenance • electrical work for plumbing and heating. <p>Also this qualification covers subjects required by someone working on gas water heaters and wet central heating appliances including:</p> <ul style="list-style-type: none"> • core gas safety principles • install domestic gas water heaters and wet central heating appliances • maintain gas water heating and wet central heating appliances • It is accredited by Ofqual at QCF level three. <p>Who could take this qualification? OR who is this qualification designed for?</p> <ul style="list-style-type: none"> • Learners must have successfully completed either EAL Level 2 NVQ Diploma in Plumbing and Heating or EAL Level 2 NVQ Diploma in Domestic Heating • Individuals who are employed in the domestic heating industry • Learners undertaking Summit Skills apprenticeship frameworks <p>It is suitable for learners aged:</p> <ul style="list-style-type: none"> • 16-18 • 19+
<p>What could this qualification lead to?</p>	<p>Typical job roles include:</p> <p>Domestic Heating Installer</p> <p>This qualification relates to the following EAL qualifications:</p> <ul style="list-style-type: none"> • EAL Level 2 NVQ Diploma in Plumbing and Heating • EAL Level 2 NVQ Diploma in Domestic Heating • EAL Level 3 NVQ Diploma in Domestic Plumbing and Heating • EAL Level 3 NVQ Diploma in Domestic Heating <p>Some individual units from the above rules of combinations may also be found in other building services qualifications such as:</p> <ul style="list-style-type: none"> • EAL Qualifications at L2 and L3 in Heating and Ventilating

	<ul style="list-style-type: none">• EAL Level 3 NVQ Diploma in Building Services Engineering and Technology and Project Management (QCF)• EAL Level 4 NVQ in Building Services Engineering and Technology and Project Management• EAL Qualifications in Gas Utilisation <p>Completion of this qualification combination will enable Gas Safe Registration in the following categories:</p> <ul style="list-style-type: none">• CCN 1, CENWAT 1, CPA 1, MET1/2, CoNGLP1 PD <p>Apprenticeships: This qualification forms part of the Summit Skills apprenticeship frameworks.</p>
Who supports this qualification?	This qualification is approved by Chartered Institute of Plumbing and Heating Engineers (CIPHE) on behalf of the Engineering Council as contributing to the requirements for professional registration as an Engineering Technician (EngTech).
