

EAL Purpose Statement:

<p>Qualification Title:</p>	<p>601/4291/1 EAL Level 3 Diploma in Engineering Technology - Motorsport (QCF)</p>
<p>Qualification Overview:</p>	<p>The qualification covers specific knowledge and understanding of motorsport engineering and has been developed in consultation with motorsport industry specialists and training provider to ensure that it meets the needs of industry employers and learners. The qualification has huge potential benefits for those engaging with the motorsport engineering industry sector and forms part of the current apprenticeship frameworks.</p> <p>What does this qualification cover?</p> <ul style="list-style-type: none"> • The content and structure of this qualification has been developed to provide the relevant knowledge and understanding of the safe working practices and engineering techniques used within a motorsport environment. It will develop the personal skills and attributes that learner’s need in their ability to work, learn and achieve their full potential at Level 3 and provide progression to further qualifications within this discipline. • This qualification is a Vocationally Related Qualification (VRQ) which sits on the Qualification and Credit Framework (QCF) and has been approved by the National College for Motorsport and employers within the motorsport industry. The qualification focuses on the knowledge and, where appropriate, the practical skills associated with motorsport engineering. This arrangement ensures that when the learner completes the qualification they will have gained knowledge and practical experience of some of the situations that they could face within the occupational sector in which it is being delivered. • It is accredited by Ofqual at QCF level three. <p>Who could take this qualification? OR who is this qualification designed for? Learners must be 16+ to undertake this qualification.</p> <p>There are no entry qualifications required by learners to undertake this qualification unless there is a legal requirement of the process or the environment. Assessment is open to any learner who has the potential to achieve the assessment criteria set out in the units of assessment.</p> <p>Aids or appliances, which are designed to alleviate disability, may be used during assessment, providing they do not compromise the standard required.</p> <p>It is suitable for learners aged:</p> <ul style="list-style-type: none"> • 16-18 • 19+
<p>What could this qualification lead to?</p>	<p>Typical job roles include:</p> <p>Motorsport Race technicians, motorsport workshop technicians, motorsport vehicle technician, and other related roles within the motorsport vehicle maintenance and preparation sector</p> <p>This qualification relates to the following EAL qualifications:</p> <ul style="list-style-type: none"> • Level 3 Diploma in Engineering Technology

	<ul style="list-style-type: none">• Level 3 Certificate in Engineering Technology• Level 2 Diploma in Engineering Technology - Motorsport• Level 2 Certificate in Engineering Technology• Level 3 NVQ diploma in automotive engineering• Level 3 Extended Diploma in Automotive Engineering <p>Apprenticeships: This qualification forms part of the Semta apprenticeship frameworks.</p>
Who supports this qualification?	The qualification is supported by the Motorsport Industry Association, National College for Motorsport, VR-Pro Limited, SEMTA.
