F1 in Schools Youngsters Racing Towards Rewarding Career

Budding designers, engineers and technicians are on the starting grid for a rewarding career having battled it out at the Silverstone circuit recently – thanks to EAL.

The youngsters, who reached the UK finals of the F1 in Schools competition, are on track to earn a qualification, which counts towards professional requirements.

Do Your Employers Want to be Better Informed About the Latest Skills Reforms?

Many employers lack the information they need to prepare for the introduction of the apprenticeship levy and don't know exactly what the reforms will mean for them. That's why the Semta Apprenticeship Service is holding events on 8th and 28th June for engineering and manufacturing sector employers.
