

Mr Andrew Barton, Product Manager, EAL.

Letter of Support:

HSB Engineering Insurance Services Ltd is the premier UK Provider of Technical Training within the Engineer Surveying Industry.

Since our founding in 1866, we have worked within the sector to deliver technical training that underpins the future of the Engineer Surveyor industry for whom we have consistently provided training to the highest standard.

The ESC Units are up to date with the latest developments, standards and industry specifications, and as such will enable us to deliver high-quality training to the next generation of Engineer Surveyors.

Our mission is to be Outstanding in our field, which is the Training of Engineer Surveyors working within the engineering insurance/inspection Industry, as such we provide our support to EAL and recognise that the following new qualification:

Title	Credit Value	TQT
EAL Level 4 Diploma in Engineer Surveying	77	770

- Develops and confirms specialist knowledge and skills that are relevant to an occupation in the sector, to a standard that can be reasonably expected of learners in full-time education and employment.
- Provides learners with a suitable progression into a related industry-recognised qualification, advancement from related industry-recognised qualifications and subsequent entry into an occupation in the Engineer Surveying sector.
- Country or countries offered in England.
- Main and sub-purposes: B2 Develop knowledge and/or skills in a subject area, and C2 Prepare for employment in a specific occupational area.
- Age ranges the qualification is offered to: 19+ (England).
- Subject area of qualification: 4.1 Engineering.
- Operational start date: December 2019.

We are happy to support the development and for the qualification to be submitted to Ofqual for accreditation to the Regulated Qualifications Framework (RQF).

Yours faithfully

Phillip Maguire BEng (Hons) IEng MSOE MBES
